

Banana Splits

fun with compound words

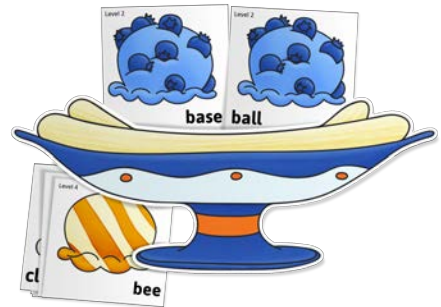

by
Marie Rippel

 ALL ABOUT *Reading*

Levels 1-4

Banana Splits

Who knew compound words could be so delicious? Help your child practice this important concept as you create compound words by constructing banana splits. (Caution: You may get hungry for banana splits while playing this game!)

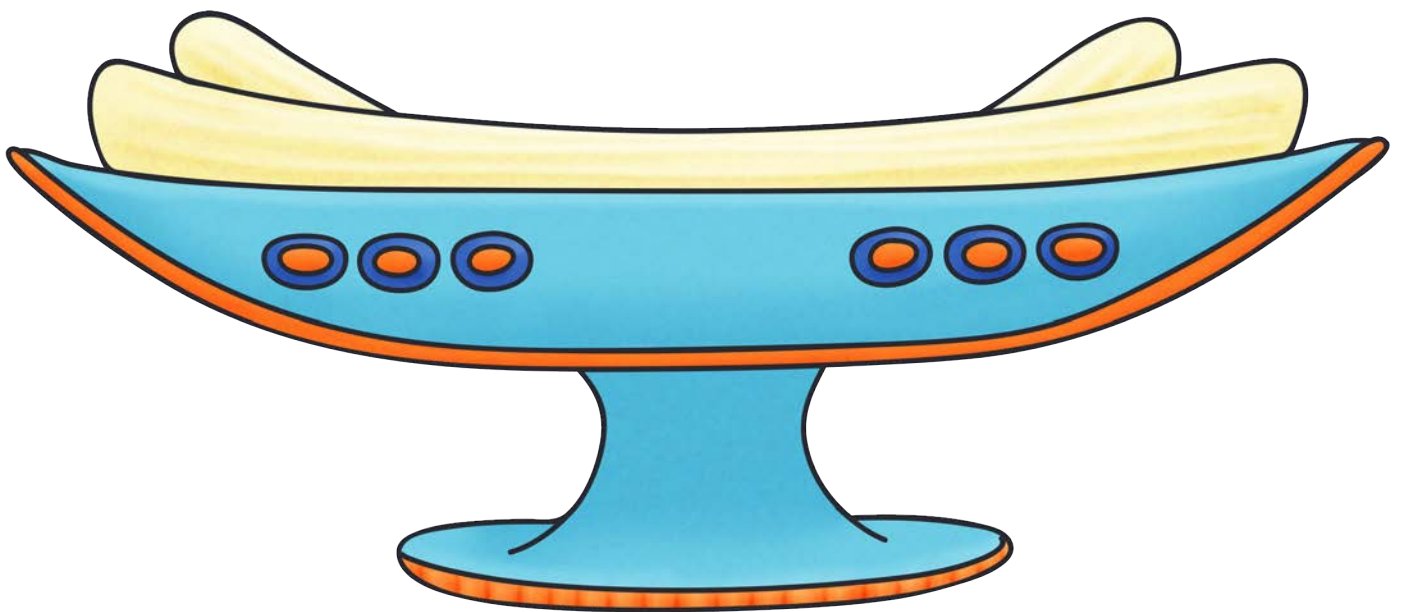

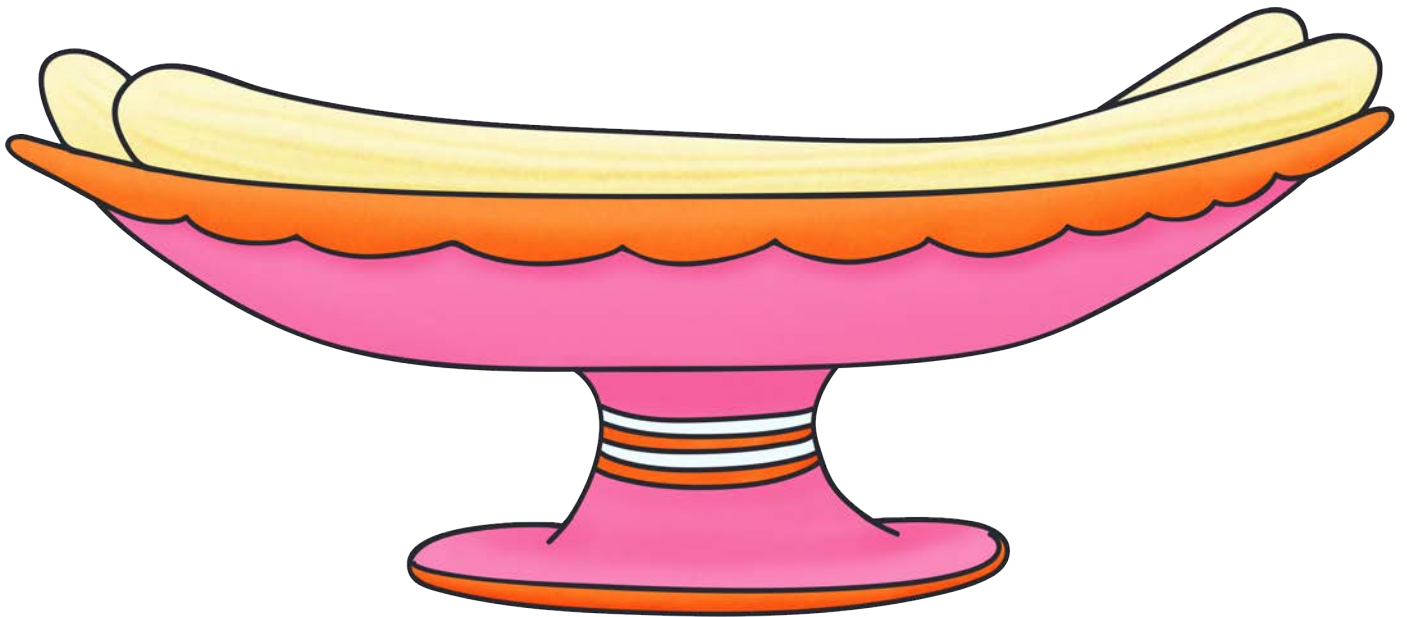

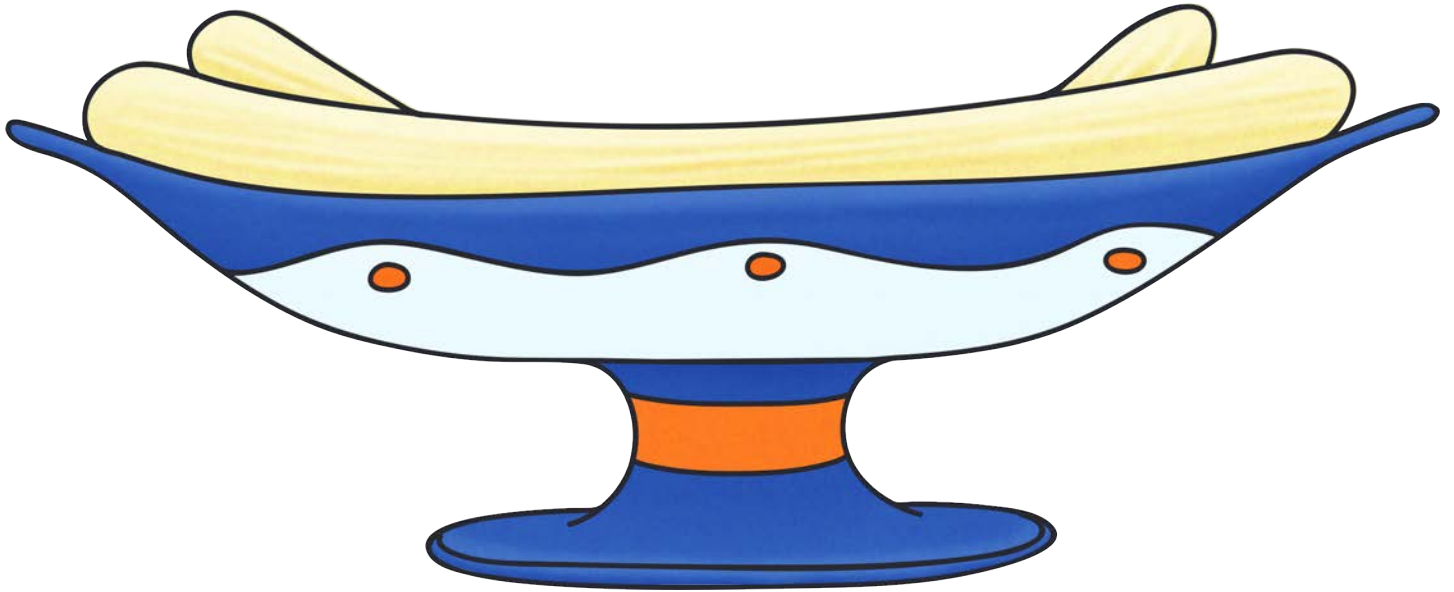

Assembly Instructions

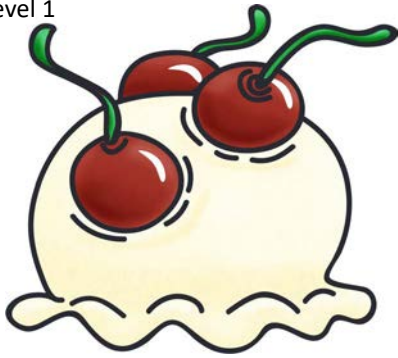

1. Print pages 3-11 (color version) or 12-20 (black-and-white version).
2. Cut out the dessert dishes. Give one to each player.
3. Cut out the playing cards for the level you wish to play. (Level 1 students use the Level 1 cards, Level 2 students can use the Level 1 or Level 2 cards, and so on.) For best results, use only one level of cards per game.

How to Play

1. Deal three cards to each player. Place the remaining playing cards face down in a draw pile on the table.
2. Have the first player select a playing card either from the draw pile or from another player's hand. If the ice cream scoop on the card matches one already in the player's hand, he may place the matching cards side by side in his dessert dish. Have your student read the resulting compound word aloud. The matching pair of cards is then placed in a pile in front of the player.
3. If the ice cream scoop **does not** match one in the player's hand, the player keeps the card in his hand and the game continues.
4. If the draw pile runs out, the game continues with the players selecting cards from each other's hands.
5. The game continues until all the ice cream scoop cards have been matched. The player with the most matches wins.

ALL ABOUT[®] Reading

The program that takes the struggle out of reading

Did you enjoy this activity? Then you'll love *All About[®] Reading!*

All About Reading is a fun and engaging program that starts with essential pre-reading skills and continues on to teach all five key components of reading. It contains everything your student needs to become a fluent reader for life!

- Multisensory Orton-Gillingham approach
- Lightly scripted “open and go” lesson plans
- Mastery-based with no gaps
- Suitable for all ages and learning styles
- 100% guarantee and lifetime support
