How to Use Your Level 2 Teacher’s Manual

(First Edition, ISBN 978-1-935197-42-3)

with the Third Edition Activity Book

(ISBN 978-1-935197-58-4)

Follow these steps to coordinate your First Edition Teacher’s Manual with the Third Edition activity book:

1. Turn to page 23 of your Teacher’s Manual. At the top of the page, locate the gray “You will need” section. Change the page number reference for the *Leap into Reading* activity book to pages 9-20.
2. Referring to the chart below, change the page number references in the “You will need” section for all of the lessons in your Teacher’s Manual.
3. When you use the activity sheets, ignore the lesson number printed in the header of the activity sheet. With the exception of Lesson 1, the lesson numbers won’t match up.
4. A few of the activity names and instructions in the First Edition Teacher’s Manual will not correlate 100% with the Third Edition activity book. You will want to refer to the instructions in your First Edition Teacher’s Manual and adjust the activity as needed. When you come across new words in the Practice Sheets or Warm-Up Sheets that are not taught in the First Edition Teacher’s Manual, you may wish to skip them.
