Parakeet Says...

a sample from *All About*® Reading Level 4

This parakeet may be pretty, but she doesn't necessarily tell the truth! In this activity, your child will have to determine whether the parakeet's statements are true or false. Best of all, this activity also provides a wonderful opportunity to practice reading words with the sound of /air/!

Instructions

1. Print pages 4-5 and 6-7 back to back.
2. Cut out the birdseed cards and place them in a pile with the illustrations facing up.
3. Have your student select a card, read the bolded word, and then read the entire sentence. Your student should determine whether the sentence is true or false and place the card in the appropriate column on page 3.
4. Continue until your student has sorted all the sentence cards.
5. Customize page 7 with the words and sentences of your choice and repeat the activity.
